**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We are always in need of more competitors in the broadband market. Single provider areas are trapped into bad packages and low quality service that the provider can get away with because they know they cannot go anywhere else. Competition does nothing but help the consumer as it encourages the providers to provide quality service at a decent price to try and win and keep the consumers.
